Attention: **Customer Name**

Please review the below Equipment Quotation of BECCA's answer for Solvent applications. We are pleased to quote the following:

BECCA HC (25000) SOLVENT SAVER™ Recycler:

Listing:

- **Listed to UL 2208** requirements.
- **Listed to Class I Division 1 Group-D** requirements.

Construction:

- **Stainless Steel Boiler & Lid** for durability and compatibility with all solvents.
- Full 6 Gallon usable capacity

Heating & Cooling System:

- **Heating coils in Dithermic oil jacket** for even heating of solvents
- Fan Cooled Condenser (Copper Coils)
- Aluminum Non-sparking fan blade

Controls:

- Electrical Requirements of 220V 60 Hz at 9.5 amps
- Adjustable Operate cycle shall be 3-5 hours.
- Self-diagnostic system during start-up of the unit.
- Electronic sensors to monitor liquid and oil temperature will shut the system down during a fault condition and provide alarm identifiers on the digital display
- Safety Circuit back-up

Solvent Recycler General:

- **Replaceable Solvent Resistant Thermal Gasket Seal.**
- **Replaceable Thermal Recycler Bags** – most reliable in the business
- **2-year Limited Warranty** – longest in the industry.
- **Solvent Resistant Ultra Powder Coated Finish** over heavy-duty metal construction.
- **BECCA Care™ Service** – BECCA has next day delivery of service parts and a national network of Service Centers across the country to assure the uptime of our systems

Options:

- **Recycler Bags** – These bags are specially designed for performance. The Bag liner contains the left-behind residues, is easily and cleanly removed.
- **5 Gallon Cans or 10 Gallon Tanks** – BECCA provides a choice of standard solvent cans or our deluxe 10 gal tanks to contain the system fluids.
- **Protect™ Film** – This is a maintenance film that makes clean-up simple and easy....just peel away the film and apply a new coating.
- **"Transfer Kit – Recycler to Drum"** – Kit designed to allow transfer of solvent from the BECCA Solvent Saver to Drum.
- **"Transfer Kit – Drum to Recycler"** – Kit designed to allow transfer of dirty solvent from an outside container to the BECCA Solvent Saver, and allow clean solvent to be transferred from the BECCA Solvent Saver to another outside container.

"Innovation for Waste Minimization"

- **Accel-Cool™ System** – This add on system uses compressed air through a Transvector to cool down the boiler and the solids in the boiler at a rate that is 3-5 times faster than without the system. This would mean around 1 hour to the next process. The system is automatically operated by the system controls.
- **Vacuum Assist System**– Comes w/ 10 Gal Vac Assist Tank, Vacuum Generator, Pressure Regulator, & Pump Transfer Kit
 - Capable of recycling Water base cleaning solvents
 - Lowers atmospheric pressure in the boiler for:
 - Increase the differential between the Auto Ignition Temperature and the boiling point of a solvent. This reduces the potential hazard during the distillation process
 - Increases the capability of the Recycler to handle solvents with high boiling points.
 - Improves the speed of the Recycler from 10 – 30%.
- **Stainless Steel Condenser** – This upgrades the condenser from Copper to Stainless Steel – necessary for some applications
- **“H₂O Separator System”** – This system is designed for applications where solvent and water need to be separated in order to reuse the solvent. BECCA always recommends a test of the customers waste to assure success.
- **“Anti-Foaming” Grill** – This grill will assist breaking up bubble formation from certain waste solvent combinations
- **“Anti-Foaming” Additive** - This additive will assist breaking up bubble formation from certain waste solvent combinations

Pricing:

BECCA SOLVENT SAVER™ HC Price \$11,179.00

Options:

Recycler Bags HC (6 Gallon) 660006OEM (50 Pack) Price\$ 318.00

Recycler Bags HC (6 Gallon) 660006-100 (100 Pack) Price.....\$ 559.00

5 Gallon Can 823200B Price.....\$ 51.00 ea.

10 Gallon Stainless Steel Tank 830107K Price.....(Must add “Transfer Kit”)..... \$1,339.00 ea

Protect™ Film 831004APHC Price.....\$ 368.00

“Transfer Kit – Recycler to Drum” 825067K Price\$1,376.00

“Transfer Kit – Drum to Recycler” 825066K Price\$1,376.00

Accel-Cool™ System 825075-HC Price.....(Must be Installed at Factory)..... \$6,908.00

Vacuum Assist 825156K Price.....(Must be Installed at Factory) \$4,876.00

“Anti-Foaming” Grill 824022 Price.....\$ 598.00

“Anti-Foaming” Additive FB-2000 (1 Gal Container) Price.....\$ 138.00

Note: Prices are good for 60 days from date of quotation

Freight & Handling: Pre-Paid & Add (Quote Upon Request)

Payment Terms: Payment upon Shipment or Net 30 Days (Upon Credit Approval)

Shipping: Lead time 5-7 Weeks upon Order • Origin Kennesaw, GA U.S.A.

Thank you for your consideration of BECCA. We look forward to being of service to you.

Regards,

Barry Thomas
